

Have your say on our new models of care

Under our 2030 vision for health and care we are continuing to develop our 'new models of care', which put patients at the centre of their treatment.

As part of our 'In Fylde & Wyre' engagement programme, we are holding a number of public events where you can find out more about our new models, ask questions and help to shape the service.

If you would like to attend any of the events please call:

01253 956400

or email:

enquiries@fyldeandwyreccg.nhs.uk

to confirm your attendance.

Places are limited
